Concrete Grinder
BT-CG1900A

BIHUI® USA
by: BETTER TOOLS

Industrial Vacuum Cleaner Specs.	
Power Output	1900W
Voltage	110V 60Hz
Speed	0-3000RPM
Cup Wheel	7” (180mm)
Cable Length	13’ (4m)

Features & Benefits

- Constructed from durable aluminum alloy, steel, and high-strength engineering nylon
- Ergonomic design for improved balance and stability
- Compatible with most 7” (180mm) cup wheels
- Equipped with overload and power-off protection, plus adjustable speed control
- Features full-wave electronics, soft start, and start-current limiting for smoother operation
- Magnetic, removable front cover allows for easy corner (inner edge) grinding
- Self-cleaning design with a professional vacuum port—compatible with dust bags or vacuum systems for dust-free operation
- Ideal for removing old coatings and preparing surfaces for renovation
- Suitable for a wide range of materials including concrete, stone, tile, tile adhesive, plaster, paint, coatings, and carpet adhesive
